ALICE CARY.

THE ROMANCE OF HER LIFE.

WAITED FOR ONE WHO NEVER CAME BACK.

Mrs. Mary Clemmer Ames writes in the

Yet, no less because of these words, sacreligious hands have rudely attempted to lift it. The sanctuary of that pure heart is ruthlessly invaded even in the grave. A story under the title of "Unknown Love of Alice Cary," in the newspapers, is still traveling through the length of the land. It asserts that in her youth she was affanced to Rufus W. Griswold, that he was false to her—forsaking her for a women of the world; that, long after, when he returned to New York, friendless, poor and sick, she forgave him the great wrong that he had done and nursed him wrong that he had done and nursed and till he died. This story, in many conflict-ing phases, was often, to her great annoy-ance, told of her during her life. The fact that Rufus W. Griswold did in his last will bequeath to her his personal effects was made much of in printed and private was made much of in printed and private circles, and used as an unanswerable proof that at one time he had been her lover.

OUR CHURCHES.

Was made much of in printed and private circles, and used as an unanswerable proof that at one time he had been her lover. Within a week I have read in a letter to the New York Ecening Post that the will proved the love and relationship between the persons beyond a doubt. Yet no less, in its foundation, the story is false. Referring to it once, while we two sat alone together. Alice said to me. "I will tell together, Alice said to me: "I will tell you just the truth. If you ever think it necessary, you can tell it." I believe it to be but justice to her sacred life, with which idle gossip is yet to busy, to tell it

Bereavement in death and in life had made her Western home too desolate to be borne. These, with the impulse of th brave will that served her to the last, brought her to New-York to make not the life that she would have chosen for herself, yet a life worthy to be lived. "Ignorance stood me in the stead of courage," she said. "Had I known the great world as I have learned it since, I should not have dared; but I didn't. Thus I came. The leading litterateur at that time was Dr. Rufus W. Griswell at the leading that the leading the steady of the said. Griswold. He had compiled the books called "The Female Prose Writers" and The Female Poets of America. He was sharply on the lookout for every new gen-ius in literature that appeared. He had visited the sisters in their Ohio home, and in 1850 obtained a publisher for their first volume, and had added both their names with selections from their poems to his own "Poems of America." He knew everych, Eighteenth Street. Superintendent.

> may be white as show; yet he cannot take her innocent name upon his lips without smirching it with something of his own vileness. His vanity has been flattered by idle women, till conquest has become not only the habit, but the necessity, of his morbid and miserable soul: till, where he knows he has not won it, he yet is base enough to boast of it. Such a man (judg-ing by every record left of him was furns W. Griswold. He was a man of poetic temperament, of fine scholarship, of generous impulses, and in certain directions of rare gifts; yet he less he was a man of fickle fancies, of violent temper which often fell upon his dearest friends, of monstrons vanity, and of ungovernable pas-sions. "I never loved him, said Alice Cary to me. "I could not have loved such a men, though I learned him in his best phases. I came to pity him, because he wed him much, and before his death I found it in my power to pay back in part my large debt of gratitude. When he returned to New-York, poor and sick, with certain death before him. I, with Miss—. hired a room and nurse for him. From that they have made the romantic story of my nursing him for unrequited love. It was old Betsey who nursed him. You know how big and strong she is; yet even she became worn out, for his sickness was long and very painful. Many unkind, even cruel things have been said because he willed to me his personal effects. Be-side the books and pictures which he be-queathed to the Historical Society, these were all that he possessed; and he left them to me not more out of personal regard than to repay as far as he was able the money which I had expended for his com-

fort during his last long sicknes."

In the profoundest sense Alice Cary never loved but once. The man whom she loved is still alive: yet gossip, with its keenest seent, has never found or named him. With all her full loss of footings. him. With all her fullness of affection. hers was an eclectic and solitary soul He who by the very patent of his being was more to her than any other mortal could be might pass from her life, but no other could ever take his place. A proud and presperous family brought all their pride and power to bear on a son to prevent his marrying a girl uneducated, rus-tic and poor. "I waited for one who nev-er came back," she said. "Yet I believed he would come till I read in a paper his marriage to another. Can you think what life would be-loving one.

waiting for one who would never come!"

He did come at last. I saw him. His wife had died, Alice was dying. The gray-haired man sat down beside the gray-haired woman. Life had dealt prosperously with him, as is its wont with men. Suffering and death had taken all from her save the luster of her wondrous eyes. From her wan and wasted face they shone upon him full of tenderness and youth. Thus they met with life behind them they who parted plighted lovers when life was young. He was the man whom she forgave for her blighted and weary life. with a smile of parting as divine as ever lit the face of woman.
